January 20 – Arrive back at Harrisburg airport at 5:14 pm.

Ugandan Emerging Leaders Project

A new year is upon us and it offers a tremendous opportunity to invest in the lives of young adults across Uganda. In response to a request by the Baptist Union of Uganda (BUU), *Partnerships* will focus on training Emerging Leaders beyond Masaka into other regions of the country. It is our privilege to partner with Kampala Baptist Church and the BUU to address this critical national concern by beginning in two *new* Ugandan regions.

According to Pastor Abel Segirinya, BUU's current President and our partner in Masaka, the population structure of Uganda is dominated by children and youth. With almost 68% of the population 24 years of age and under, an accelerated strategy is needed to prepare a new generation of church leaders.

After years of Emerging Leaders ministry in the Masaka region, our hope is to duplicate it among young adult leaders in Uganda's Eastern and Central regions. **Eight events** are scheduled for 2020 in these regions. This initial January trip will focus on developing three Seminars that will be used in future regional training. Thanks for standing with us as we move forward in an exciting and essential outreach for the future of the church in this wonderful country.

Prayer Items

Pray for Uganda as it moves toward the nations' 2021 Presidential election.

Pray for Pastor Abel Segirinya as he leads the BUU into new directions of ministry.

Pray for our travel to and events in Uganda.

Pray for all the details to come together for this year of training Ugandan Emerging Leaders.

Please pray our partners and the developing 2020 schedule of ministry in Peru, Indonesia and Zambia as we seek to maximize the efforts of training pastors and emerging leaders in each country.

Give Thanks With Us - At our October 2019 Accountability Group Meeting, a 2020 Partnerships Budget was set at \$126,000. We acknowledged the need for extra revenue to meet the budget, so a **goal of \$30,000** for year-end giving was established. Through the generosity of many people that goal was met. Thank you praying, giving and believing in what God is doing through *Partnerships*.

Homeless No More – well almost! Our closing on the new Condo is scheduled for Friday, February 7th. It has been amazing to see the Lord's care and provision since the sale of the house in August. Friends have provided living and storage space, as well as emotional support in many ways. Thanks for encouraging us and please connect with us at the address provided below! With grateful hearts, Dave and Joyce
