

Lunches with Erisha (L) and Gabit (C) are a special treat. These men are part of the Training of Trainers Project.

Thoughts from Dave – Great joy comes from the development of lasting relationships through a common commitment to Christ. As we serve together through Partnerships, the Lord works in our lives and causes growth in pastoral and leadership ability. On Sunday, May 29th, Kampala Baptist Church (KBC) will send Erisha Tumusliime off to a church-planting ministry in the Rukungiri region of Uganda. Erisha is the student ministry leader at KBC and a member of the Training of Trainers Project. At 27 years old, Erisha is uniquely gifted in teaching God’s Word. We thank God for the privilege of investing in his life. **Pray for Erisha as he begins this new chapter in his life.**

Dave’s Travel Schedule for Your Prayers

Kasese Training News

In late April, our Ugandan partners traveled to Kasese for another pastors seminar. Using recently translated Swahili discipleship material, the sessions provided help to pastors who are engaged in discipling followers of Jesus. Churches in the Kasese region are facing challenging times. The recent surge of refugees from the Democratic Republic of Congo has stretched pastors and church leaders in unique ways. The above photo captures one of the pastors preaching at a refugee camp. **Please pray for our brothers and sisters in the Kasese region.** Our next training visit is set for early September.

Other Prayer Requests

- Please pray for the start of pastoral training in the Kapchorwa region over May 24-27.
- Give thanks and pray for good follow-up to the Hoima Rd Training that occurred May 17-18.
- Pray for our Training the Trainers Group as they begin a summer of training local pastors.
- Pray for continued financial support to keep these projects going strong.

Several Video Updates: In our April, we shared a link that leads you to five videos highlighting our recent work in Uganda. Just in case you didn’t get to watch them, here’s the link again:
